MANUFACTURERS AND IMPORTERS OF

SURGICAL & DENTAL

INSTRUMENTS,

Besides a complete assortment of articles intended for the exclusive use of the Medical and Dental professions, have always in store, at the lowest prices, a great variety of the following articles, suited to the wants of the general public:

INVALIDS' ROLLING

—AND—

BATH CHAIRS.

TRUSSES,

A large assortment of best patterns from which to select, to meet the requirements of each case. If convenient, persons requiring Trusses should call at our establishment where they can have a suitable Truss carefully fitted by a competent and experienced person familiar with the anatomy of hernia. When a call in person is impracticable, a careful description should be sent, stating whether the rupture is on the right or left side; also the measure around the person, two inches below the top of the hip bone. If the rupture is at the navel, the measure should be around the body at the navel. **N. B.**—Ladies attended by those of their own sex.

ELASTIC HOSE,

For Varicose Veins, Swollen Limbs, and Weak Joints. Of these goods we have several classes of silk and cotton, possessing different degrees of elasticity; the stout silk being usually the most satisfactory. The sizes are full length (of leg), three quarters, half or knee hose, knee caps, and anklets. Unusual sizes made to order. Also,

Elastic and Spring Abdominal Supporters, Shoulder Braces, Suspensory Bandages, Apparatus for Weak Ankles, Bow-Legs, Club-Feet, etc. Also, Crutches of various and most improved kinds; Syringes' Rubber Urinals to wear on the person day or night, for Males and Females; Galvanic Batteries, Hearing Trumpets, Auricles, and Conversation Tubes for the Deaf.

Together with many other articles for the use of the SICK and INVALIDS. Also the largest and best assortment of

Atomizers and Nasal Douche,

To be found in the United States. A GOLD MEDAL has lately been awarded us by the Middlesex Mechanics Associatian, as will be seen from the following report, signed by a leading New England Surgeon and Physician:

"1503. CODMAN & SHURLTEFF, Boston, Mass. One Case Surgical Instruments and Atomizers

"The Committee have no hesitation in awarding for this superb exhibition the highest premium * * * The various other instruments for inhalation of atomized liquids, and for Local Anæsthesia, were all apparently faultless, both in design and workmanship. The exhibitors are regarded as more especially deserving of the highest token of merit for having produced nothing except their own manufacture.

GOLD MEDAL. (Signed). GILMAN KIMBALL M. D. Chairman."

PREFACE.

Since our last edition of the Waltham and Watertown Directory, the first named place has changed its form of government from that of a town to a city, and the names of the city officers will be found in the present number in their appropriate place. The city and township here represented are noted for the activity and enterprise of their people, and, probably, no community in this section, the past few years, has exceeded them in all the elements of manufacturing growth, success and importance.

No city at the present day is satisfied without a directory, issued annually, and a glance at our advertising pages will show that business men have liberally patronized the work, for which the publishers acknowledge their obligations.

It will be noticed that a new and important feature has been introduced into the present edition in the form of a map of the City of Waltham.

We would urge that every person should have at their business place or residence a directory of the city from time to time as published, not only as a daily convenience, but as a valuable record of local history.

Persons consulting the Directory, are reminded of the importance of knowing the precise spelling of a name, before looking for it, as names pronounced the same are often spelled quite differently and appear on different pages.

	Waltham.	Watertown.
New names added	1917	869
Changes in Residence	778	367
Names scratched out	1030	407

We take this occasion to express our thanks for the uniform courtesy and important assistance afforded to our agents in collecting information for the present number.

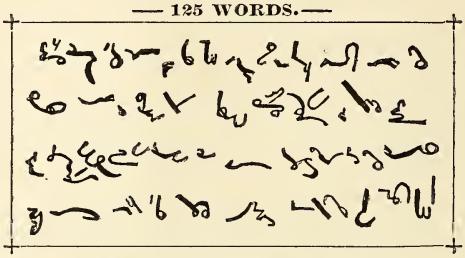
— 125 WORDS.—



THE OLDEST AND LARGEST SHORTHAND SCHOOL IN NEW ENGLAND.

By our **METHOD** all students are enabled with the first Exercise to write ordinary language with from *one-sixth* to *one-tenth* as many strokes as the common long-hand writing, and consequently much more rapidly. Each subsequent Exercise enables them to write with fewer strokes than the preceeding one; therefore, if a student has *inclination* and opportunity to practice he is CERTAIN to gain in speed, and in from three to six months *writing with fewer strokes than any other system*, can attain the highest degree of proficiency. For several reasons it is *easier than any other to read.*

Ours is a **MODERN METHOD;** each step is applied practically as in the modern plan of learning other Arts and Sciences.

"UNIVERSAL PHONOGRAPHY," our text-book, containing a large part of our Method has had such a phenomenal and unprecedented sale that a second Edition had to be published in the same month as the first, and in the second month twice as many as either the first or second Edition. It is rapidly superseding former methods, being taught and used in nearly all sections of the country.

In fact, our Method is more *rapid*, more *legible*, more *systematic* and therefore *easier* than any other, as attested by the host of "experts" reporting verbatim with it, Court Proceedings, Sermons, Lectures, Business Men's Letters, etc.

Strongly endorsed by Thomas Hill, D. D., L. L. D., Ex-President of Harvard University; R. M. Pulsifer of R. M. Pulsifer & Co., props., Boston Herald; Youth's Companion; N. E. Conservatory of Music; N. E. Journal of Education; Popular Educator; and nearly all the prominent newspapers in the United States.

The best facilities for securing remunerative positions for our graduates.

Type Writers for Sale, and Copying neatly executed with them.

Day and Evening Sessions. Send for Circulars.

SIGNALS.

I—One blow for test at 6.50 A.M and 6.50 P.M.

I—One blow—Time Signal at 12 M.

II—Two blows—will dismiss companies in waiting, and give notice that companies in service have "made up."

Should an alarm occur from another box before this signal is given, companies answering Second will answer on First; and companies answering Third will answer on Second.

III—Three blows—second alarm.

III-III—Three blows twice—third alarm.

Ten Blows will assemble the Police in case of emergency.

II-II — II-II—Twenty-two struck twice at 7.30 A.M. indicates no session of schools in the morning; same signal at 11.45 A.M. indicates no afternoon session.

INSTRUCTION TO KEY-HOLDERS.

Upon the discovery of fire, go to the nearest box, open the same, and pull the hook down *once* only; then let go; listen, if the gong in the box strikes; if not, pull again. If you fail the second time, go to the next nearest box and do the same.

Remain at the box, if possible, after giving an alarm, to direct the firemen to the fire.

Do not give an alarm for a fire seen at a distance.

Be *sure* the box is *closed* before leaving it.

If you remove from your house or place of business, return the key to the Chief Engineer.

Key-holders will bear in mind that their key will be "*trapped*" when used, and will be returned to them by an engineer.

HOMES AND INVESTMENTS

— IN THE —

Highlands of Florida.

The western part of Orange County, on the backbone of the State, known as the beautiful "LAKE REGION," is very high and rolling, and is filling up with unexampled rapidity. Where three years ago were unbroken pine woods are now thriving villages and flourishing *Orange Groves*. The climate is very salubrious, being tempered by continual breezes from the Atlantic and the Gulf.

Any who desire to select a home or start a grove can secure the services of the subscriber, who, after patient investigation of different localities, has recently moved there from Massachusetts. He will give his careful attention to any business entrusted to him.

LAND SELECTED AND TREES PLANTED AND CARED FOR.

Address,

Rev. E. S. HUNTRESS,
Mount Dora,
Orange County, Florida.
